Part 3 - Type of Record Check Required - Completed by Applicant (selected and initialed)

1	Name-Based Criminal Record Check Initial here if requesting a Name-Based Criminal Record Check	A query, based on name and date-of-birth, of active criminal files in the RCMP National Repository of Criminal Records. Used to determine the possible existence of a criminal record. Generally used as a preliminary search only to determine if a Fingerprint-based Criminal Record Check may be required. The query may also include a search of court records and a query of <u>records management systems in other police agencies' jurisdictions</u> through the Police Information Portal (PIP) or other data sharing systems.
2	Fingerprint-Based Criminal Record Check Initial here if requesting a Fingerprint-Based Criminal Record Check	A fingerprint-based search of the RCMP's national repository of fingerprints and criminal record information. The results of the search will produce a document that includes criminal record information where the identity of the applicant has been verified by fingerprints.
3	Vulnerable Sector Check Initial here if requesting a Vulnerable Sector Check <input type="checkbox"/> RCMP form 3923 is attached.	A Vulnerable Sector Check is the most comprehensive type of check. The query may also include a search of court records and a query of <u>records management systems in other police agencies' jurisdictions</u> through the Police Information Portal (PIP) or other data sharing systems.
4	Declaration of Criminal Records Initial here if requesting a Declaration of Criminal Records	This will result in the RCMP detachment providing a list of all of the criminal convictions and related information that are included on the criminal record on CPIC.
